Professor of International Law and International
Relations at the respective department of the
University of Graz.

Dr. Christian Brünner, Professor Emeritus
for Public Law, University of Graz.

A Compact Access to **Space Law**

Space Law Essentials (Vol. 1 Textbook & Vol. 2 Casebook) presents the theory and practice of space law in a modern,
user-oriented format. It stands apart from existing space law literature since it is the first book that

➤ introduces space law in a compact and comprehensible manner;
➤ explains the legal issues that may arise during the lifecycle of a space mission;
➤ uses → cross-references to facilitate 'diagonal reading';
➤ shows how space law and technology intertwine;
➤ addresses law students and space practitioners alike.
