

Extra resources for Coimbra Group universities' students looking for an internship abroad

On this page you will find links to some of the Coimbra Group universities' job portals, where member universities post job and internship advertisements mainly from their region or country. As a Coimbra Group member university student or graduate you are welcome to take a look at the advertisements if you are looking for an internship or a job abroad.

There is also contact information of each of the universities' Career Centre included. You are welcome to ask the possibility to use these universities' career related services (e.g. CV checking, career guidance, special career related questions etc.) while you for example are on study exchange or interning in the neighbourhood. It is also possible to ask country-related consultation for job or internship searching from the offices.
