

Workshop, 13 November 2024

## Orientation workshop “First steps towards an academic career at university as scientist and lecturer”

**Target audience:** Female\* master students & graduates, diploma students, project assistants and PhD students at Graz University of Technology who are interested in an academic/scientific career at university.

**Content & goals:** The 4-hour workshop is meant to inform participants about career paths at university, experiences of female scientists and possibilities of life and career planning. The workshop is intended for female\* master students & graduates, diploma students, project assistants and PhD students at Graz University of Technology who need more transparency, input and information for a decision on their further career at university.

The following topics are going to be discussed by the workshop leader: life and career design, current career assessment and potential development, success factors and stumbling blocks in the academic world, work-life balance. General input on the university as place of employment will be provided by Dipl.-Ing.<sup>in</sup> Gudrun Haage, director of

the Office for Gender Equality and Equal Opportunities at Graz University of Technology. A lecturer at Graz University of Technology will speak on her experiences as a scientist. The goal is an active and well-directed support and development of the new generation of female\* scientists and academics.

**Workshop leader:** Mag.<sup>a</sup> Christina Pernsteiner-Koller (University of Graz)

**Expert:** Dipl.-Ing.<sup>in</sup> Gudrun Haage (Director of the Office for Gender Equality and Equal Opportunities at Graz University of Technology)

**Role Model:** Ass.Prof.<sup>in</sup> DI Dr. Eva Sollgruber (Institute of Design and Building Typology, Faculty of Architecture, Graz University of Technology)

**Workshop for free**

**Registration online** <https://koordination-gender.uni-graz.at/de/anmeldung/potenziale/>

**TIME: WEDNESDAY, 13 NOVEMBER 2024, 1 - 5 PM**

Place: TBA

*An event part of the “Potenziale” Cooperation between Graz University of Technology, University of Graz, Medical University of Graz and University of Music and Performing Arts Graz.*
