### Need-based childcare in Graz

(not only) for temporarily employed people at the University of Graz

The University of Graz informs parents on need-based on site childcare. That also applies to guest lecturers or persons temporarily employed by the University of Graz. We support organising childcare and under certain circumstances, childcare costs can be taken over – partly by the inviting institute and partly by unikid & unicare.

Travel expenses of partners or children can not be taken over. They are considered private costs, since often a weekend in Graz is planned – or childcare is organised at home. You are welcome, to directly contact unikid & unicare in advance, even in the recruiting phase – we will research childcare options and suggest solutions.

During the stay in Graz unikid & unicare provides a buggy free of charge, or we can book a buggy at the Graz Tourist Office (collection and return by the family themselves at Herrengasse). Buggies can directly be booked under <https://www.graztourismus.at/de/gut-zu-wissen/service/informationsbuero>.

We wish you a good journey and a nice stay in Graz!
