

## Hanna-Riikka Myllymäki Head of Business Development, Aalto University

Hanna-Riikka Myllymäki is the Head of Business Development at the Aalto University Professional Development, Aalto PRO. Focus areas of her current work include program and organizational development, tailored programs for companies, new business models in Continuing Education, policy development both nationally and internationally and university-business co-operation. She joined Aalto during the merger of three universities (Helsinki University of Technology, Helsinki University of Economics and University of Art and Design) when Aalto was being formed. Prior to her current position, she held different positions in Aalto, one of them being in charge of the Corporate Partnership Program. Prior to joining Aalto, she was Secretary General of the University Continuing Education Network in Finland. Her background is in engineering and she has been working in the field of Continuing Education and Open University education since 1994. She has a great interest in the development of professional networks both nationally and internationally. For the past three years, she has been chairing a project targeting the renewal of strategy in continuing engineering education and the enhancement of conditions in continuing professional education in Finland.
