

Iran takes protest to UNSC over Israeli crimes

Thu Feb 23, 2012 7:35AM GMT

Iran has delivered a protest note to the UN Security Council (UNSC), condemning Israel for carrying out a host of hostile activities with “impunity” against the Islamic Republic.

In a protest letter on Wednesday, Iran's Ambassador to the UN Mohammad Khazaei censured Israel's countless acts of crime against Tehran, saying Tel Aviv has carried out “covert operations, cyber warfare, psychological war and assassinations of nuclear scientists,” on top of threatening to wage a war on Iran.

"These operations, as well as attributing the violent acts, are part of the general war game waged by this regime against Iran," the letter added.

“Regrettably, the impunity with which the (Israeli) regime has been allowed to carry out its crimes thus far, has emboldened it to continue and even increase its blatant defiance of the most basic and fundamental principles of international law and the United Nations Charter,” it went on to read.

Khazaei also made reference to a string of recent bomb attacks on Israeli diplomatic targets in several countries and refuted Tel Aviv's allegations that Iran was involved in the incidents.

Iran “categorically rejects the allegations concerning any involvement of its officials or organizations in the recent purported terrorist operations against Israeli targets in a number of countries, namely Thailand, India, Georgia or Azerbaijan,” the envoy's letter further said.

On February 14, a man hurled a grenade at Thai police and a cab in Bangkok. The attacker was

injured seriously in the blast. Bangkok police say they found Iranian identification documents on the maimed man.

Earlier in the day, a house rented by three men, who police say were Iranians, exploded when a cache of explosives reportedly went off by accident. Soon afterwards, there was a third blast on a nearby road, Thai police said.

The three explosions in Bangkok happened a day after bomb attacks targeted Israeli embassy staff in India and Georgia.

Israeli Prime Minister Benjamin Netanyahu was swift to accuse Iran of orchestrating the attacks.
