Specifications about the intended programme at the University of Graz

I apply for admission to the master's programme

in the field of studies: _____

*Requested language of instruction: German or English

*Only to be checked for Master's programs that are offered simultaneously in German and English. If the degree program applied for is offered in both languages and English is not explicitly checked in the application, the application will automatically be processed for the German as language of instruction. Studies that are only offered in one language will only be processed for the language offered.

Your graduated/current Studies

Completed study with which you would like to apply (please specify only ONE study):

Other Studies or Course Credits: _____

I certify that the information I have given is true and complete and I am making the data available to the University of Graz for internal processing. I am aware that false information will result in revocation of admission and enrollment and that the submission of forged documents will also have criminal consequences.

Should the University of Graz require personal data from other authorities as part of the processing procedure, I give my consent that these may be passed on to the University of Graz by the respective authority.

I confirm that the application is being submitted by me or by a person who is authorized to professionally represent a party in Austria within the meaning of Section 60 (6) UG.

Applications handed in not by myself or a person who is authorized to professionally represent a party in Austria will be rejected.

We process your data for as long as this is necessary due to the legal obligation. In addition, we only store your data if there are statutory retention periods or statutes of limitations regarding potential legal claims are open
