UNIVERSITY OF GRAZ

treffpunkt sprachen - Centre for Language,
Plurilingualism and Didactics

ORAL ASSESSMENTS

The oral assessment is a proof of oral proficiency in **German, English, French, Italian or Spanish**, offered by *treffpunkt sprachen*. The certificate serves as proof of language proficiency for students and employees of the University of Graz. The language level is assessed according to the guidelines of the Common European Framework of Reference for Languages (CEFR).

Target group

Students of the University of Graz and other universities, as well as employees of the University of Graz.

Registration and course fees

Registration is possible **online** up to one week before each appointment. For every oral assessment, the fee is **€ 40,-**. The payment is processed through the online registration, either via credit card, debit card or EPS.

Preparation

To prepare for the assessment, we recommend that you review our course description(s) for the CEFR level you are pursuing. Based on this description, you can determine which competences you will be asked to demonstrate with regard to communication, vocabulary and grammar. Please note that our course descriptions are divided into a first and a second phase for each level. For example, if you are looking for a proof for level B1, you will have to demonstrate skills for both phases (level B1/1st phase and level B1/2nd phase).

Procedure

After the registration, you will be informed via email about the exact time of the assessment. An oral assessment takes **15 minutes**. During this time, you will be having a conversation with a teacher at *treffpunkt sprachen*, who is a native speaker of the respective language. During the conversation, the teacher pays particular attention to your use of topic-related vocabulary, grammar and tenses. Furthermore, they assess your listening comprehension. You will be given the result of the oral assessment immediately after the interview and receive the confirmation (certificate) via email.

Note: Since the oral assessment is only a measure of your oral language skills, it is not comparable to language certificates such as IELTS or ÖSD. You will need to discuss with the institution of your choice whether the oral assessment is sufficient for your application.
