GRAZ

BioTechMed-Graz: The Health Research Community across Universities and Disciplines

As a research alliance of the University of Graz, the Graz University of Technology, and the Medical University of Graz, we promote multidisciplinary biomedical research for human health.

BioTechMed-Graz Activities

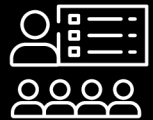

Promotion of young scientists

Funding of excellent research projects

Support of interdisciplinary exchange

Hosting of scientific events

BioTechMed-Graz Programs

Flagship Projects

funding for excellent collaborative research projects

Young Researcher Groups

funding for research projects of promising postdoctoral fellows to launch their independent career

Lab Rotation Program

stipend for master's graduates to get to know a new laboratory

Best Collaborative Paper Award

award for outstanding collaborative publications

GRAZ

BioTechMed-Graz Events

With our events, we offer a platform for interdisciplinary exchange and networking within the BioTechMed-Graz community.

Science Breakfast

talks on topics
relevant to everyday
research practice

Every first Wednesday
of the month

Faculty Club

scientific talks on recent
scientific findings in the
BioTechMed-Graz
research fields

Every third Wednesday
of the month

Nobel Lecture

lecture by a Nobel
Laureate

Yearly

Reden wir über Wissenschaft

various science to
public formats

Quarterly

BioTechMed-Graz Membership

Apply for a full or associated membership to have access to our events and stay informed about BioTechMed-Graz activities and programs!
