

Relevant Courses at the Aalto University (Finland)

Aalto University offers the study option Machine Learning, Data Science and Artificial Intelligence. See: <https://www.aalto.fi/en/study-options/machine-learning-data-science-and-artificial-intelligence-computer-communication-and-information>

There are several relevant courses, including:

- Methods of Data Mining (5 ECTS, WS)
- Computational Methods in Stochastics (5 ECTS, WS)
- Explorative Information Visualization (5 ECTS, WS)
- Computer Vision (5 ECTS, WS)
- Quantum Machine Learning (5 ECTS, WS)
- Reinforcement Learning (5 ECTS, WS)
- Machine Learning in Biomedicine (5 ECTS, WS)
- Speech Processing (5 ECTS, WS)
- Speech Recognition (5 ECTS, WS)
- Artificial Intelligence (5 ECTS, SS)
- Deep Learning (5 ECTS, SS)
- Deep Generative Models (5 ECTS, SS)
- Probabilistic Machine Learning (5 ECTS, SS)
- Federated Learning (5 ECTS, SS)
- Gaussian Processes (5 ECTS, SS)
- Statistical Natural Language Processing (5 ECTS, SS)
