

What research leaders can expect from the RCC:

Financial support for research activities

- For PhD researchers: conference participation & research trips
- For postdocs: hosting events, conducting & presenting research abroad, seed funding
- For groups & consortia who aim for high-quality doctoral training: travel expenses for external PhD thesis reviewers, PhD consortia events, degree-related courses
- For those on the tenure-track: activities necessary for fulfilling development agreements

Innovative trainings and events

- Retreats & writing groups for intensive work on publications and funding proposals
- 40+ annual (English language) workshops & expert talks to suit different career stages
- Opportunities for structured peer exchange (e.g. supervisor network, postdoc peer groups, PhD communities)
- Community events for informal networking & social integration in Graz
- Big public events on career challenges & strategies

Expertise in doctoral education & leadership

- Consulting on developing & presenting the early career researcher training strategy for funding applications (e.g. for MSCA doctoral networks, FWF doc.funds)
- Advice for implementation of structured doctoral training cohorts
- Connecting to our professional networks & sharing institutional insights
- Supervisory skills retreats & workshops
- PhD Ombudsperson network for conflict prevention & resolution

Tailored information & advice

- Personal consultations in-office, online & by phone
- Expert external career coaching (for academia & beyond)
- Daily updates via LinkedIn, monthly tailored newsletters
- Resource websites & FAQs
