This workshop takes place in the context of the **research stay** of **Dr. Madina Yessirkepova (PhD)** at the University of Graz, funded by a prestigious research fellowship of the Austrian Academy of Sciences. The event aims to foster academic exchange on issues of anti-discrimination in labour law from Kazakh and Austrian perspectives, with a particular focus on the protection of vulnerable groups. It provides a forum for comparative analysis, discussion of judicial practice, and debate on legal and policy reform approaches. The workshop will be conducted partly in German and partly in English.
