### **Abolish Property – Black Feminism Revisited**

gestaltet durch den Cluster „**The Americas: Perspektiven der westlichen Hemisphäre**“

**Ort:** RESOWI, SZ 15.22, Universitätsstraße 15, Bauteil G, 2. Stock

Vortrag von **Prof. Dr. Sabine Bröck** (University of Bremen)

The lecture will address the theoretical advances of black feminism's history in the USA as an intersectional self-empowering intervention against prevailing machismo in 1960s and later Black movements, as a correction to Black historiography, as a radical scholarly and activist anti-racist practice, and as epistemic rupture of white gender theory. Not an exhaustive and inclusive report of massive recent black feminist activism and scholarship, particularly of the younger, social-media based generations, it offers a reckoning within white Gender Studies scholarship of my generation and its evasion of foundational Black feminist theory.
