

Economists Day 11.12.2025

HS 03.01 and in the foyer

The pre-Christmas period is a good time to look back on the year that is coming to an end and at the same time to look ahead to the next one, for which we have set ourselves many goals. For this reason, the Department of Economics and the Student Representatives invite you to the Economists Day. In addition to socialising with food and drinks, we will update you on what is happening at the Department, give insights into the research of our early-career researchers, and host a quiz challenge between students and professors. As the main event of the afternoon, we are pleased to welcome Professor Holger Bonin, Scientific Director of IHS, who will give a lecture.
