All applications must be submitted on time.

Semester students submit their application online.

*Freemover Students:* Submit their application directly on the SU International website.

*Exchange students:* Submit application on the SU International website after they been nominated.

Once we receive your application we will confirm receipt and it will be processed. It will take at **least 2-4 weeks** from the deadline of applications before you receive feedback. You will be issued with a provisional admission letter, for visa application purposes.

If you have not submitted any course requests (i.e. a completed learning agreement) your application will not be processed. Please also be aware of the fact that approval for courses at Stellenbosch is done by a very strict process, and approval/disapproval is the discretion of the relevant academic department/s. Course approval/disapproval feedback will be communicated continuously until arrival at Stellenbosch University.

The letter of admission will be sent electronically to the student. If the South African mission in your own country requests a hard copy of the letter of admission, please feel free to contact us.

The final course registration will be completed during and after the orientation, but the application for courses must be submitted with the online exchange application. Students will only be allowed to register for courses that they have been approved for.

## COURSE INFORMATION:

- You can list more courses than you need credit for, but please make sure that you indicate how many credits you need, and which courses are compulsory for your programme. We will then liaise with the relevant academic departments.
- **You will not be able to attend mainstream courses for which you did not get pre-approved.** Once we've received feedback on your course selection, we will provide sufficient feedback. You can however take fewer courses than you were pre-approved for. The final learning agreement must be signed by your home coordinator.
