Applications are made online from June (for October starters) and late November (for January starters). Emails are sent to students at the start of application period with further information about how to apply.

It is not always possible to accommodate Erasmus+ or Postgraduate students on campus but they are encouraged to apply so that we can offer support in finding accommodation off-campus. Application guidelines

Applications to Lancaster University are completed using our online application system. To give students access to the system please send a nomination email to studyabroad@lancaster.ac.uk including the following information:

- Student's Full Name
- Student's Email Address
- Whether they are applying as an Exchange, Study Abroad, or Erasmus+ student
- Terms they are applying for
- Student's Major area(s) of study and if they are an undergraduate or postgraduate student

As part of the application, the student will need to complete a provisional list of modules they would like to take (Study Plan). This should also include at least two reserve choices in case any of their first choice modules are no longer running or are full. An up-to-date list of modules can be found at: lancaster.ac.uk/studyabroad-modules. If the student is postgraduate, please contact us for further advice on the modules available. Postgraduate modules are only available to Erasmus+ partners with whom we have an agreement at Masters level.

As part of the application the student must upload a copy of their most recent transcript. We will also need to receive a copy of their current passport before we can issue any visa documentation. This can be sent separately if the student does not have one yet. Once the application had been submitted students will be able to download a PDF of the application for their records.
