

## Call for Papers Emerging Linguists Workshop

47th Austrian Linguistics Conference  
08 - 10.12.2023, Graz

The **Association of Emerging Linguists** invites young and/or studying linguists to participate at the Emerging Linguists Workshop at the 47th Austrian Linguistics Conference.

The Association of Emerging Linguists (EL) consists of students, graduates and people interested in linguistics and related disciplines. We are a **network** that focuses on mutual **support** and joint **growth**.

Our workshop has **no thematic focus**, so contributions from all areas of linguistics are welcome. You could for instance present the results of your Bachelor's thesis, the methodology of your Master's thesis, the theoretical framework of your dissertation or any other project you have worked on etc. The main focus is to give emerging linguists the opportunity to present, discuss and exchange their scientific work at an established Austrian conference.

We are looking forward to your presentations and the discussion of your questions, impulses and ideas!

### Further information

Please send us your abstracts by **September 30th 2023** to [konferieren@emerginglinguists.org](mailto:konferieren@emerginglinguists.org). Feedback on acceptance will be sent by **October 10th 2023** at the latest.

- Abstracts should not exceed 400 words (excluding literature).
- Your presentation should last **20 minutes**, after which we will discuss for **10 minutes**.
- The **workshop languages** are German and English.

We are looking forward to your submissions!
