## Putting Aging and Care on Screen

We are pleased to announce our movie series, "CareAgeCinema" organized by the **Center for Interdisciplinary Research on Aging and Care (CIRAC)** and the **Centre for Southeast European Studies (CSEES)**.

This movie series will present multidisciplinary and intersectional approaches to age/ing and care/ing. Each movie screening will be followed by an expert discussion, bringing together critical voices from academia, care practice, activism, policy making, and the general public. The series aims at creating an engaging environment that allows for thematizing, researching, and acting upon contemporary issues about age/ing and care/ing – topics that are highly relevant to a society characterized by diversity.

The screenings are free of charge and open to the public.

Please get your tickets directly at <https://filmzentrum.com/>

**Filmzentrum im Rechbauerkin** (Rechbauerstraße 6, 8010 Graz)

First come, first serve!

We are looking forward to seeing you all,  
CIRAC and CSEES
