The Fulbright Austria Alum Chapter Styria is hosting an online kick-off event to celebrate their start as a Fulbright Austria alum chapter and to present the student anthology *Home, (Be)Longing, and Identity in Imagined Landscapes* (Eds.: Roberta Maierhofer, Anastasija Lyubova, Nicole Haring) inspired by and in cooperation with Marjorie Agosín.

Marjorie Agosín was a US Fulbright specialist in 2019 at the University of Graz, and her edited volume *Home – An Imagined Landscape* inspired the students of her seminar at the University of Graz to write this student anthology.
