

CV of Robert Zimmermann

Robert Zimmermann, PhD

E-mail: robert.zimmermann@uni-graz.at

<https://molekularbiologie.uni-graz.at/de/forschen/forschungsbereiche/ag-zimmermann/>

Personal Data

Date and Place of Birth: 07.01.1967, Leibnitz, Austria

Nationality: Austria

Education

1986 Studies in Biology, Univ. of Graz, Austria

1992-1994 Diploma thesis at the Inst. of Medical Biochemistry, Univ. of Graz

1994 Graduation "Master of Science"

1994-1998 Ph.D. thesis at the Inst. of Medical Biochemistry, Univ. of Graz

07.05.1998 Graduation "Dr. rer. nat."

Career History

1998-2002 Postdoc at the Institute of Biochemistry, University of Graz

2002- Assistant Professor at the Institute of Molecular Biosciences

2008 Habilitation in Biochemistry and Molecular Biology

2008- Associate Professor at the Institute of Molecular Biosciences

Research interests Lipid and energy metabolism, lipid signaling

Grants

- The regulation of ATGL and its implications for lipolysis (P18434, FWF, 2005-2008)
- Lipases in Monoacylglycerol and Retinylester Catabolism (P21296, FWF 2009-2012)
- Molecular mechanisms regulating lipolysis (GEN-AU, 2009-2012)
- PhD Training Program: DK Molecular Enzymology (FWF, 2008-2011, 2011-2014, 2014-2017)
- Development of inhibitors for adipose triglyceride lipase (TRP4, FWF, 2010-2013)
- Characterization of mice with adipose tissue-, neuron-, and glial-specific gene deletion of monoglyceride lipase (P 24294, FWF; 2011-2014)
- Functional characterization of ABHD6 (P26166, FWF; 2014-2017)
- Molecular mechanisms mediating zinc- α 2-glycoprotein signaling (P 28533, FWF; 2016-2019)

Scopus author ID: 35785272000; 85 documents, *h*-index: 36

Orcid ID: 0000-0002-7354-870X
