WELCOME

Dear Participants of the 26th Scientific Congress of the Austrian Pharmaceutical Society (ÖPhG)!

On behalf of the Organizing and Scientific Committees, it is our pleasure to welcome you to this scientific meeting at the University of Graz. It is organized by the Institute of Pharmaceutical Sciences on behalf of the Austrian Pharmaceutical Society (ÖPhG). This society was founded 40 years ago in 1979 by Prof. G. Heinisch and Prof. W. Kubelka. With more than 500 members, it is Austria´s largest pharmaceutical society. One of the major goals of ÖPhG is to bring people together interested in scientific and practical aspects of pharmacy and to provide a platform for exchange of knowledge and experience.

Recent developments in pharmaceutical sciences will be presented and discussed during this meeting. The main scientific topics cover drug discovery & development, drug targeting, herbal medicines, human microbiota metabolism, molecular networking, pharmacogenomics. The congress will start with a pre-Symposium on the Medicinal Plant of the Year 2019: Edelweiss - Phytochemical, Pharmacological and Clinical Evidence, organized by Herbal Medicinal Products Platform Austria (HMPPA), and the Society for Medicinal Plant and Natural Product Research (GA).

Almost 90 participants from Austria and other European countries come together to have an inspiring meeting in the premises of the Departments of Pharmaceutical Chemistry and Pharmaceutical Technology. Scientific contributions which are presented during this conference indicate a clear tendency that current research in pharmaceutical sciences cannot be attributed anymore to a single core subject like pharmaceutical chemistry, pharmacology, pharmacognosy or pharmaceutical technology, but are rather in favor of an interdisciplinary approach.

We are grateful to all people who were involved in organization and preparation of this congress for their great engagement. We are also grateful to the University of Graz for providing the meeting place and infrastructure, and the sponsors for their financial support. We hope that the programme of this congress will meet your expectations and that you will enjoy your stay in Graz!
