

Tenure-track professorship Computational Pharmacology

The Institute of Pharmaceutical Sciences at the Faculty of Natural Sciences at the **University of Graz**, Austria is seeking to appoint a

Tenure-track professorship (§ 99 Para. 5, UG)

“Computational Pharmacology”

Application deadline: 30th June 2019

Job specification

The position will be within in the division Pharmaceutical Chemistry at the Institute of Pharmaceutical Sciences at the University of Graz, Austria. The successful candidate is expected to have an excellent scientific track record in order to **start an independent research group**. The group will focus on computational pharmacology including, but not limited to: computational biology approaches to study drug-genome/proteome interactions, molecular networks, genetic variation, post-translational protein modifications, pharmacogenomics, OMICS data integration, genotype to phenotype models, machine learning approaches combining laboratory and patient data, etc.

The research of the successful candidate will complement the ongoing research activities in the Life Sciences in Graz through active participation in the University of Graz research core area "BioHEALTH", as well as in the inter-university network BioTechMed-Graz. Participation in undergraduate teaching at the Institute of Pharmaceutical Sciences and the (co-)supervision of master and doctoral theses is expected.

The offer

Associated to the Network Pharmacology group headed by Ulrich Stelzl, the successful candidate will have the opportunity to set up an independent research group for a period of six years. This offer includes a start-up package and resources to fill a Ph. D. position. When tenured within this period the candidate will be promoted to Associate / Full professor at the University of Graz.

To apply, please send your application including a full CV, a short research proposal outlining future research plans (max 3 pages), the three most important publications and contact details for two references in a single pdf to ulrich.stelzl@uni-graz.at.

Please consider the regulations specified at

<https://jobs.uni-graz.at/en/Laufbahnprofessuren>

where the official announcement will appear end of May.

For further information and informal inquires please contact Ulrich STELZL at ulrich.stelzl@uni-graz.at
