

# Alumni/ae Workshops

Organized & hosted by alumni/ae of the DK programme:

Feb 3<sup>rd</sup>, 2022

15:00-17:00

## Moral judgment and climate change – Part 1

Hosts: Kian Mintz-Woo, Arijit Paul

Link to this session: <https://princeton.zoom.us/j/99623090279?pwd=bnZySjlOMUQxdG5ESmpnTHNCTE1idz09>

Speakers:

**Bobby Banerjee**, Bayes Business School, City University of London, UK:

*"Environmental Racism and Climate (In)justice in the Anthropocene Addressing the Silences and Erasures in Management and Organization Studies"*

**Kian Mintz-Woo**, University College Cork, Ireland:

*"The Importance of Climate Civilizational Collapse"*

**Stephen Gardiner**, University of Washington, US:

*"The Ethical Risks of a World Climate Bank: Public Debt, Pareto Efficiency, and Intergenerational Extortion"*

## Uncertainty in climate modeling and projections – Part 1

Hosts: Lukas Brunner, Sungmin O

Link to this session: <https://ewha.zoom.us/my/dk.workshop.climate>

Speakers:

**Erich Fischer**, ETH Zürich, Switzerland:

*"Understanding and quantifying very rare extremes"*

**Lukas Brunner**, University of Vienna, Austria

**Aditya Narayan Mishra**, University of Graz, Austria

**Mastawesha Misganaw Engdaw**, University of Graz, Austria

## The contribution of behavioral economics to Climate Change – Part 1

Host: Yadira Mori-Clement

Link to this session: <https://zoom.us/j/95831648770?pwd=Nvh4UGtqT1liUGQ4aW1TQ2ZPEkUvdz09>

Speakers:

**Yadira Mori-Clement**, Nature-based Solutions Initiative - Peru (NbSI Peru)

*"When Behavioral Economics meets Climate Change: Overview and future trends"*

**Martin Kesternich**, Center for European Economic Research, (ZEW), Germany

*"Accelerating consumer durable replacement in low-income households: Pecuniary and behavioral instruments"*

## **The energy transition 2.0 – Integrating renewable electricity and the prospect(s) of hydrogen**

Hosts: Javier López Prol, Michael Kriechbaum

Link to this session: <https://bit.ly/3IMYE8>

Speakers:

**Javier López Prol**, Yonsei University, Korea:

*“Overview of the challenges of integrating variable renewables into electricity markets”*

**Marta Victoria**, Aarhus University, Denmark:

*“Integrating variable renewables into electricity systems”*

**Michael Kriechbaum**, University of Graz, Austria:

*“The prospect of establishing a hydrogen economy”*

**Nuno Bento**, ISCTE University Institute of Lisbon, Portugal:

*“History repeating? On evidence-based strategies for substituting pollutant technologies with hydrogen innovations”*

**Raphaella Maier**, University of Graz, Austria:

*“Climate neutrality in energy-intensive industry: the role of hydrogen”*

**17:30-19:30**

## **Normative dimensions of attribution science – Part 1**

Host: Laura García-Portela

Link to this session: [shorturl.at/rCIK9](https://shorturl.at/rCIK9)

Speakers:

**Gregory Lusk**, University of Durham, UK

*“The Social Utility of Event Attribution, Revisited”*

**Laura García-Portela**, University of Fribourg, Switzerland

*“Overstating the effects of climate change? A critical assessment of attribution methods in climate science”*

**Feb 4<sup>th</sup>, 2022**

**13:00-15:00**

### **Moral judgment and climate change – Part 2**

Hosts: Kian Mintz-Woo, Arijit Paul

Link to this session: <https://princeton.zoom.us/j/99623090279?pwd=bnZySjlOMUQxdG5ESmpnTHNCTE1idz09>

Speakers:

**Catriona McKinnon**, University of Exeter, UK:

*"On Blinding Future Generations to the Injustices We Inflict on Them: Manufactured Intergenerational Forgetting"*

**Rutger Lazou**, University of Graz, Austria:

*"Legitimate expectations about stranded fossil fuel reserves: Towards a just transition"*

**Arijit Paul**, University of Graz, Austria:

*"A theory of moral judgment on climate change"*

### **Uncertainty in climate modeling and projections – Part 2**

Hosts: Lukas Brunner, Sungmin O

Link to this session: <https://ewha.zoom.us/my/dk.workshop.climate>

Speakers:

**Rene Orth**, MPI for Biogeochemistry, Germany:

*"Beyond climate: do models capture ecosystems' water and energy limitations?"*

**Sungmin O**, Ewha Womans University, Korea

**Nicole Ritzhaupt**, University of Graz, Austria

**Esmail Ghaemi**, University of Graz, Austria

### **The contribution of behavioral economics to Climate Change – Part 2**

Host: Yadira Mori-Clement

Link to this session: <https://zoom.us/j/96965965730?pwd=bS85T3l5TUN5RVJlQ3h2aVFGU1hmUT09>

Speakers:

**Stephan Sommer**, Leibniz Institute for Economic Research (RWI), Germany

*"Energy labels and behavioral economics"*

**Annina Thaller**, University of Graz, Austria

*"Decarbonizing passenger transport through policy-driven behavior change"*

### **Normative dimensions of attribution science – Part 2**

Host: Laura García-Portela

Link to this session: [shorturl.at/koBl6](https://shorturl.at/koBl6)

Speakers:

**Rupert Stuart-Smith**, University of Oxford, UK

*"How does a retreating glacier end up in court? The role of scientific evidence in climate litigation"*

**Petra Minnerop**, University of Durham, UK

**Carlotta Garofalo**, University of Graz, Austria
