

## Open call for proposals Postdoctoral Fellowships

**No requirements for project topic, it is an open call.**

**Applications will be assessed in two categories:**

1. applications in humanities and social sciences;
2. applications in natural sciences, technology, medicine and health, and agriculture.

**Eligible participants:** Any researcher holding a **doctoral degree** awarded by a Lithuanian or foreign research and studies institution **no more than five years before** the deadline for submission of applications indicated in the call for proposals (this period doesn't include maternity leave, paternity or child raising leave until the child is three years of age), who is actively engaged in the research activity provided in the project.

**The research fellow** has to have the **fellowship supervisor** (any researcher employed by the applicant institution and who is the supervisor of the work of the research fellow in the course of the project implementation).

**Financing:** maximum eligible costs per project is **€129 891 EUR** (fixed rates are applied).

**Eligible costs:** personnel costs of research fellow (unit costs); travel allowances; service expenses; costs related to the acquisition of short- and long-term assets; costs of depreciation of the long-term assets owned by the applicant; project publicity costs; other costs necessary to attain the project's objectives; indirect project costs (project administration and related costs).

**Project duration:** 24 months. Fellow must commit for full duration of the project.

**Mobility during the project:** In the course of the project implementation the research fellow must be enrolled and attend a fellowship program at a foreign research or studies institution, a research center, a laboratory, a company, an institution, a library, an archive, an expedition etc. **Minimum trip duration is one month.** The overall duration of the trip may be broken down into individual parts, each of them no shorter than 15 days.

**Deadline: 2020-03-06 d. 24.00 h.**
