History of
South-Eastern
Europe

Do you want to understand and approach history as the study of historical processes and cultural narratives?

The universities in the consortium work together to guarantee a high quality international curriculum with regional aspects. Each university offers the possibility of specialized academic training concentrating on the history and historical anthropology of South-Eastern Europe in the context of European Integration.

Students are not only provided with professional education and training, but special attention is paid to mobility which contributes to broaden ones horizon and also deepens intercultural understanding.

Info & Application: If you are interested visit our website or contact us.

Programme Outline: The Master's programme comprises 120 ECTS credits corresponding to a period of study of at least four semesters or two years. At least 60 ECTS credits have to be earned at the chosen entrance university. The obligatory mobility semester can be spent at a partner institution of your choice

Career: The programme of study is designed to prepare you for a wide range of employment opportunities upon completion of the degree. Notwithstanding varying qualification profiles, many professional fields require a sophisticated understanding of and competence in languages as well as highly developed cultural and academic skills.
