

Your chance!

To support our continuous global policy of expansion, we are constantly looking for committed talents and professionals with ideas, the will to make a difference and shape the future. With plants in Austria, China, India, Korea and Sales Support Offices around the globe, we offer excellent career opportunities also to our internal colleagues. To enhance our successful **Corporate Controlling Team** based at our **Headquarters in Leoben (AT)** we are seeking to fill the following position with an experienced candidate

Controller/Project Manager (f/m/d)

Corporate Controlling

As Controller in the Special Projects team you are part of an expert pool driving and contributing to group-wide and cross-departmental projects. The projects relate to a broad array of topics reaching from group strategy implementation to developing the digital roadmap of the controlling department. In your role you will deal with complex, future-oriented and value adding topics while bringing in your functional as well as your project management skills.

Your Responsibilities

- Support and collaborate in cross-departmental special projects related to group strategy implementation focusing e.g. on organic and inorganic growth, performance improvements etc.
- Drive and contribute to group-wide controlling projects with a focus on digitalization, automation and process optimization
- Contribute to the continuous improvement of controlling tools and processes, e.g. applying statistical methods in forecasting
- Contribute to the deployment and execution of group-wide projects improving transparency and steering capabilities
- Act as business partner for the group strategy department and support with functional know-how
- Strategic planning of dedicated business cases in the preparation of the financial mid-term plan
- Monitor, analyze and consolidate accurate financial key data related to performance measurement (efficiency and effectivity) for dedicated business cases

Your Profile

- BA or MA in Finance, Economics, Business Administration or related field
- Minimum 3 years' experience as Financial Analyst or Controller
- Excellent communication and presentation skills coupled with project management experience
- Analytical and solution-oriented mindset
- Advanced system skills (Excel, SAP and PowerBI)
- Full English and German proficiency written and oral
- Strong business and technical understanding paired with passion for technology
- Ability to stay focused and perform in a fast-paced, demanding environment
- Reliable and thorough work style accompanied by top time management skills

If you are looking for a new challenging task, please send us your application and your detailed resume. It's just a click to apply online and we are looking forward to it. Your HR Team!

Our salary packages are competitive, take individual qualifications, and experience into consideration. In accordance with the Austrian collective labor agreement, we advise you that the minimum gross annual salary for this role is 48,000 Euro.
