**12th Summer School
Gesundheitspsychologie**

Young Scientists Exchanging Ideas

Graz, 15th and 16th September 2015

© Can Stock Photo Inc. / dvarg

Application

Depending on the participants the Summer School will be held in German or English language. The Summer School is sponsored by the Fachgruppe Gesundheitspsychologie (FG) and the Arbeitsbereich Gesundheitspsychologie of the Karl-Franzens-Universität Graz. Membership in the Fachgruppe Gesundheitspsychologie and registration for the conference are required. No extra fee applies.

Please send in your abstract (max. 300 words) with a description of your project and a statement of motivation by **18th Mai 2015** to klusmann@uni-bremen.de. Participants will be notified about acceptance by 15th June 2015 and must confirm their participation by payment of the conference fee by 15th July 2015.

In the core part of the Summer School participants will present their dissertation projects in approx. 25 min. and will then discuss the current status with experts and peers.

Workshop (sponsored by the FG)

In this year's workshop, basic principles of multilevel regression analysis (hierarchical linear modeling / random effects modeling) will be conceptually introduced. Participants will learn how to estimate and interpret the random intercept, random slope, and slopes as outcomes models. Moreover, participants will learn how to strategically build multilevel models hands-on using the statistic software "R". Participants should be familiar with regression analysis. Participants do not have to be familiar with "R".

Social Programme (sponsored by the City of Graz)

On Wednesday evening we will be invited to enjoy the 1.5-hr Old Town Walking Tour to discover a „fascinating young, cool and innovative“ Graz. The walk crosses classical sightslike Hauptplatz with the Town Hall, Herrengasse und Eisernes Tor and most possibly also Dom, Schauspielhaus, and the Doppelwendeltreppe plus different picturesque courtyards.

Programme

Tuesday, 15th September 2015

9:00 a.m. Welcome

9:15 a.m. Methods Workshop

Part I: Theory

Hands-on course on multilevel regression analysis

Prof. Dr. Fridtjof Nussbeck

12:00 Lunch

1:00 p.m. Methods Workshop

Part II: Practice

3:00 p.m. Coffee Break

3:15 p.m. Presentation Dissertation I

4:00 p.m. Presentation Dissertation II

4:45 p.m. Coffee Break

5:00 p.m. Presentation Dissertation III

5:45 p.m. Presentation Dissertation IV

7:30 p.m. Joint Dinner (not included)

Wednesday, 16th September 2015

9:00 a.m. Round Table

How to Build a Successful Career in Health Psychology

9:30 a.m. World Café

Needs and Perspectives of Young Health Psychologists

10:15 a.m. Coffee Break

10:30 a.m. Presentation Dissertation V

11:15 a.m. Presentation Dissertation VI

12:00 Lunch

1:00 p.m. Presentation Dissertation VII

1:45 p.m. Presentation Dissertation VIII

2:30 p.m. Coffee Break

2:45 p.m. Presentation Dissertation IX

3:30 p.m. Presentation Dissertation X

4:15 p.m. Feedback and Closing

5:00 p.m. Guided Tour (sponsored by the City of Graz)
