

Course Registration

Important information (read carefully!)

- Course registration is only possible
 - **AFTER** successful application (by June), student union payment (by the end of August/January) & activation of the UNIGRAZonline student account
 - **DURING** course registration timeframes prior to semester start (Sept/Jan)
- Course registration takes place in September (for winter semester) and February (for summer semester).
- If you have **completed each step in time** and according to the instructions provided for each step, you will have full access to UNIGRAZonline for course registration in September or February respectively. *Please note that delays in the process will lead you delays in course registration!*
- We strongly advise students to revisit their *list of intended courses (course nr, course title)* well ahead of course registration and based on the courses for the semester of their stay to see if there have been any changes.
- Also include *back-up courses* on your list. In case you do not receive a placement in every course on your priority list, you then have back-ups to fall back on.

HOW TO REGISTER FOR COURSES

Your UNIGRAZonline student account will allow you to organize your studies at Uni Graz. You will be able to search and register for courses in "All courses", compile courses you are interested in for later registration in "My bookmarked Courses" and always have an overview of the courses you are registered for in "My Courses".

- When **looking for a specific course** you have put on your list of intended courses, select the correct semester and enter the course number / course titles from your list of intended courses to find the course in the system.
- When **looking for ALL courses in a particular degree program** (=curriculum), select the semester and the relevant degree program. Make sure the program you select is at your level of study.

In case you are enrolled in more than one degree program (only possible on bachelor level), you can select via which program you want to register for the course in the drop down-menu.

If the only option for enrollment is as "Free Registration", that is what you will select. However, whenever you are provided with additional options of registering for the course, we suggest you select an option other than "Free Registration" as these other options increase the chances for a confirmed place in the course. Note that this option is not available for every course.

ATTENTION:

- Many courses will only allow for "**Registration on waiting list**". In these courses ALL students will remain on the waiting list until AFTER the course registration deadline is over and course placement are fixed. If you have not received a placement in one of your prioritized courses we trust you have followed the advice to register for more courses than you need and have a back-up.
- If a course is integrated in more than one degree program and lists different number of ECTS for the different degree programs, exchange students always receive the **highest number of ECTS** listed.
