Teacher Education
Policy in Europe

G R A Z

We are delighted to welcome you to the 2022 TEPE International Conference on "Enhancing the value of teacher education research: Implications for policy and practice".

The conference is organized by the TEPE Scientific Network in collaboration with the Institute of Education Research and Teacher Education and the Center for Teacher Education at the University of Graz and is supported by the teacher education section of the Austrian Society for Research and Development in Education. During the conference, the scientific programme consists of keynote speeches, plenary sessions, symposium presentations, paper presentations, and poster presentations.

COVID-19 Information The conference will be held with physical presence in compliance with the Covid-19 regulations of the University of Graz. Participation in the event is only possible with a valid 2.5 G certificate (i.e. vaccination, PCR Test or proof of past infection). During the conference, all participants will be asked to wear a FFP2 mask. The opening session, keynotes and concluding session of the conference will be livestreamed.

Explanation of Symbols

Poster session

Paper session

Symposium session

Themes

Theme 1: The value of research in teacher education: Research-based teacher education and the role of teachers and teacher educators as researchers.

Theme 2: The value of research on teacher education: Innovative approaches in conducting teacher education research at pre-service and in-service levels.

Theme 3: Teacher education research and policy: The potential of research to inform and evaluate the impact of policy.

Theme 4: Teacher education research and practice: Designing research and curricula that are meaningful for the practice.

Photographs will be taken at this event. The photos will be published for public relations purposes and to present our activities if requested.
